Father Time

Time drills along, and, never Time drills along, and, never stopping, winds up our spool of WONDERS OF BABYLONIA thread; the time to do our early shopping is looming just ahead. It simply beats old James 1. Thunder how time goes scooting on; and now and then we pause and wonder where all the days Relies of Civilization Sixty Cenhave gone. When we are old a month seems shorter than did a week in youth; the years are smaller by a quarter, and still they shrink, forsooth. This busy ries us, and that like blitzen, toward another shore. So do not make me lose a minute, as it goes hour and skin it and hang it up to dry. A thousand tasks are set and if you stand around and bore me. I'll die before they're done.)h. you may go and herd to-'av, and talk about the crops and weather until the roosters lay. but I have work that long has beckoned and any Jim or Joe who causes me to lose a second. I look on as a foe.

CHICKENS

BUT THIS IS

turies Before Christ Told of by Prof. E. J. Banks.

Relics of a civilization dating back world we throw our fits in will sixty centuries before the time of Christ soon be ours no more; time hur- were described in a lecture before the Anthropological Society of Washington yesterday afternoon in the new National Museum. The speaker, Prof. Edgar J. speeding by; I want to catch each pedition sent to Babylonia by the University of Chicago, told of boxes which had been made to hold the cosmetic: used by the women of that far-off day; before me, important, every one, of totlet articles and strings of beads discovered in the excavations attending the search for Bismya, the lost city of Adab; of rattles with which the babies oh, you may go and herd to of Babylonia were amused, and of statugether, and waste the transient ettes probably 15,000 years old.

"From evidences gathered in excavating in the Babylonian desert," said Prof. region was inhabited at least 15,000 years ago by a race much higher in the

scale of civilization than the Arab peoples now living there.
"It seems reasonable to suppose that Babylonian and Egyptian civilization and picture writing might have had their origin in some common tribe unknown to scientists.

Statue of 6000 B.C. Period.

4.000 years old were discovered, and a statue of an ancient king was exhumed which undoubtedly dates back to 6000 B. C."

B. C."
At the meeting preceding the lecture reports were read and the election of officers for the ensuing year was held, with the following result: James Mooney of the bureau of American ethnology, president: J. R. Swanton of the bureau of ethnology, vice president; Daniel Folkmar, re-elected secretary, and J. N. B. Hewitt, treasurer.

Postmaster General Answers Criticisms of Buffalo Trade Body.
